Be a Wise Healthcare Consumer—Compare Providers, Costs and Options

Take advantage of online educational tools designed to help you and your family save money by making informed choices about providers and treatments. You can access these tools from Benefits Access.

**Hospitals**—Estimate the cost of treatment and compare hospital quality on the Blue Cross Blue Shield or UnitedHealthcare website. (See instructions on page 5.)

**Prescription Medications**—If your doctor prescribes a medication, you can use the OptumRx “Drug Search” tool to explore whether there are different medication choices—such as a generic equivalent or a therapeutic alternative—that might be just as effective but cost less. Member tools > Drug pricing and information > Drug Search.

**Important:** Talk with your physician and pharmacist before making any medication changes.

**Making the Most of Your Plan**—In Benefits Access, select the “Well-Being” tab and then click “Virgin Pulse.” From the Virgin Pulse® home page, select the “Benefits” tab and then search for “Making the Most of Your Plan” to view a variety of short-fun videos about various ways to save money on healthcare costs.
Accessing Well-Being Tools and Resources

In addition to information about your benefits and claims, you also can access a wealth of well-being tools and resources through Benefits Access and Virgin Pulse, which work in tandem. You can access Virgin Pulse via Benefits Access, virginpulse.com/login or the Virgin Pulse app. Never used Virgin Pulse? No problem! You can connect via Benefits Access or register at join.virginpulse.com/wespath. Virgin Pulse is the main way for covered spouses to access any information about HealthFlex. These tools and resources align with Wesleyan values and the HealthFlex commitment to promoting improved well-being and vitality for those who serve The United Methodist Church.

Being informed about health risks and conditions may help you take steps to stay ahead of potential medical conditions. This can facilitate more proactive discussions with your doctor about which treatment choices best meet your needs.

Access the following tools by going to Virgin Pulse and selecting the “Health” tab.

**Health Check**

Get started on the path toward improved well-being by taking the Health Check. The Health Check is an online health questionnaire that is a fast and easy way to evaluate how personal health factors and lifestyle habits may raise your risk for serious conditions like heart disease or diabetes. Be sure to take the Health Check during the incentive period—January 1 to August 31—to avoid a higher medical plan deductible the following year.

**Health Coaching through Virgin Pulse**

Participants and spouses covered by HealthFlex can receive one-on-one, confidential support from a personal health coach. **Blueprint for Wellness® Biometric Screening**

The Blueprint for Wellness biometric screening by Quest Diagnostics involves a blood draw followed by lab analysis. The screening includes tests for common health concerns, such as:

- Cholesterol, lipid, blood sugar and diabetes;
- Tests for liver, kidney, thyroid, and other body functions; and
- Measurement of blood pressure, height, weight and waist circumference (if taken at a plan sponsor event or at most local Quest laboratories).

The screening provides a snapshot of your current health to share with your primary care provider and to help shape your personal well-being goals.

Screenings can be taken at local Quest Diagnostics patient service centers (pre-registration required) or at an onsite event hosted by your plan sponsor—typically Annual Conference or an employee health event (pre-registration recommended). It also is possible to complete the Blueprint for Wellness at home** or at your doctor. Pre-registration can be done by phone at 1-855-623-9355 or via Virgin Pulse by selecting the “Benefits” tab and searching for “Quest Blueprint for Wellness Screening.”

**Virgin Pulse Physical Activity Program**

Being physically active promotes good health, relieves stress and gives you energy. With the Virgin Pulse program, you earn points toward a financial incentive by tracking healthy habits, learning more about well-being topics and being physically active. The more you engage with the program and the more you move while wearing your activity tracker, the more rewards you will accrue that can be redeemed for gift cards or deposited into your bank account or donated to UMCOR.*

To enroll, visit join.virginpulse.com/wespath.

**Diabetes Prevention Program (DPP)**

One in three American adults has prediabetes. Learn how to lower your risk for developing diabetes with one of two programs.
